Dear Mr. Green,

RE: COMMISSION DUE AURORA COLLECTION SERVICES LTD. \$133.25

Despite repeated requests since last September, for your company to pay us the \$133.25 commission due us, the balance remains unpaid.

On no fewer than 6 (six) occasions over the last 6 (six) months I have e-mailed or faxed copies of the original invoices at either your or your accounting departments request. At no time has anyone raised a dispute that the amount is owed.

However, I am now willing to write the balance off provided that you are willing to write me a 500 word typed, double-spaced essay on the difference between a large corporation engaging a collection agency to collect their receivables and then neglecting to pay the agency and a debtor that “neglected” to pay the corporation in the first place.

I eagerly await your response.

Sincerely,

Jim Wilson
Manager Aurora Collection Services
